THE LOCATION

The house is located close to the Drax Estate, whilst nearby Wimbledon Village boasts an excellent range of exclusive shops, bars and restaurants with access to the many acres of Wimbledon Common.

Transport links are close at hand, offering local bus routes to Wimbledon and Raynes Park stations with regular train services into London Waterloo, while the nearby A3 provides access to major motorways and Gatwick and Heathrow airports. The area is also well regarded for its sporting and recreational facilities as well as its choice of excellent schools in both the state and private sectors.

THE PROPERTY

This recently completed four-bedroom home, meticulously designed by an architect, boasts expansive living areas and a south-facing rear garden, bathing the interiors in natural light.

The ground floor features a separate study, utility room, and guest cloakroom, while upstairs, four bedrooms and two bath/shower rooms await.

The kitchen, adorned with a wide array of appliances, seamlessly connects to the utility room, both adorned with elegant stone work surfaces.

Fully double glazed and equipped with gas-fired central heating and hot water, the property ensures comfort throughout the seasons.

Outside, the south-facing rear garden offers a decked terrace spanning the width of the house, leading to a secluded lawn. A garden room at the rear, powered and featuring underfloor heating, provides a cozy retreat.

No expense was spared in the remodelling of this remarkable home, now available for sale due to relocation. Viewing is highly recommended to fully appreciate its charm.

| Energy Efficiency Rating                    |                         |           |
|---|-------------------------|-----------|
|   | Current                 | Potential |
| Very energy efficient - lower running costs |                         |           |
| (92 plus) A                                 |                         |           |
| (81-91) B                                   |                         |           |
| (69-80) C                                   |                         |           |
| (55-68) D                                   |                         |           |
| (39-54) E                                   |                         |           |
| (21-38) F                                   |                         |           |
| (1-20) G                                    |                         |           |
| Not energy efficient - higher running costs |                         |           |
