THE LOCATION

The property is situated in a much sought-after brand new private gated development just off Durham Road. This luxury new development allows for a unique community feel, a rare asset to have in the area whilst being close to local park, shops and transport. Orchard Grove is well placed for access into Raynes Park with its mainline station and selection of useful shops and businesses whilst the ever popular Wimbledon Common and Village are also close-by.

The area is also well regarded for its sporting and recreational facilities, with the amazing bonus of having membership to the local tennis courts located on Holland Gardens included within the development price, as well as for its choice of schools in both the state and private sectors.

THE PROPERTY

This spacious property is arranged over 3 floors, stretching to over 2152 ft², boasting a separate front reception on the ground floor with floor to ceiling windows looking over the development allowing for ample light, a common theme throughout these well designed properties. The generous, open planned kitchen/dining area to the rear has bi-folding doors onto a private garden. The fully integrated kitchen/dining room allows for adaptable living arrangements with luxury flooring from Todd Terry which is found throughout all properties. Each floor in the property is accessed by a solid oak floating staircase with glass panelling - further continuing the high quality finish.

The first floor has two luxurious bedrooms, with beautiful glass sliding doors leading onto a large private balcony. The rear bedroom has far stretching views over looking the attractive Holland Gardens. All bedrooms in the property have high end carpets and are accompanied by en-suites large enough for a walk in shower and bath alongside walk-in wardrobes. The second floor boasts two double bedrooms with en-suites and walk in wardrobes, again with the rare benefit of having two balconies. Each house has an attractive private garden with fresh lawn and off street parking with electric charging points. All are pre wired for BT, Virgin and Sky.
